

⚠️ Expected Heavy Rainfall

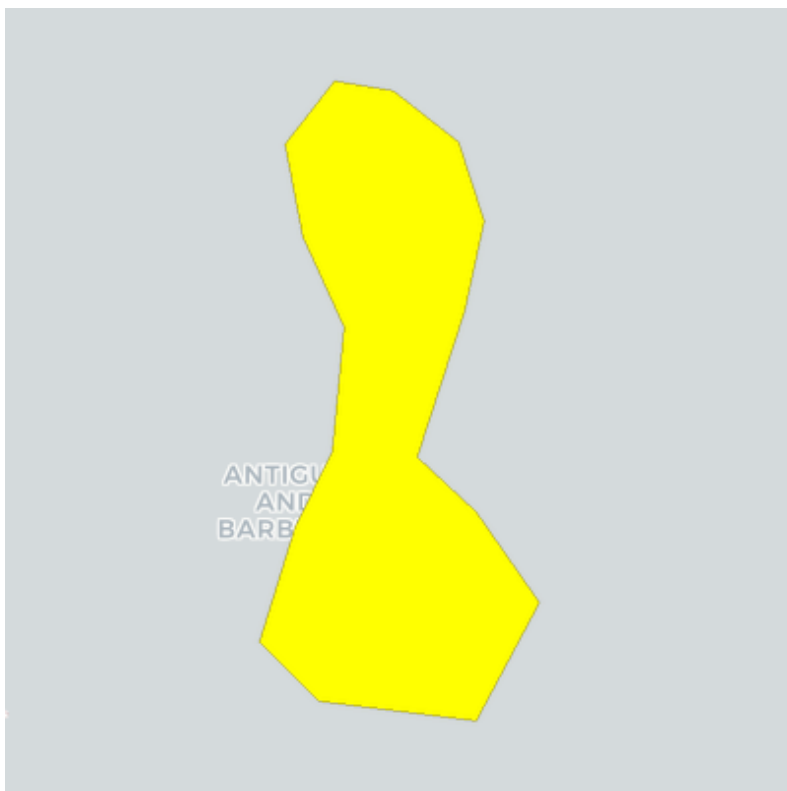

🕒 Urgency: Immediate **⚠️ Severity:** Moderate
🎯 Certainty: Likely

Issued:
Tue 28 Apr 2026
19:20

Effective:
Tue 28 Apr 2026
13:00

Onset:
Tue 28 Apr 2026
10:00

Expires:
Wed 29 Apr 2026
06:00

Area:
Antigua and Barbuda

Description:

Periods of moderate to heavy rain today continuing overnight over land areas, expected to ease early tomorrow morning. During this period a further 20 to 30 mm is expected to accumulate about the coastal areas and lesser amount elsewhere. Peak intensities of 10 to 20mm/hr in isolated heavy falls.

Instruction:

Note: A Severe Weather Warning or Watch means conditions are favourable for severe weather in and close to the indicated area. People in these areas should be on the

lookout for threatening weather conditions and monitor for further updates from the Met Service. For information on preparing for and keeping safe during a storm, see the Disaster Management Agency and Met Service website.
